

CURRICULUM VITAE

Name: Poramed Winichakoon, M.D.
Office Address: Transplant Infectious Diseases Fellowship Program,
Toronto General Hospital, University Health Network,
University of Toronto
Email: poramed.winichakoon@uhn.ca
Sex: Male
Date of Birth: May 8, 1986
Nationality: Thai

Educational Records:

June 2004 – February 2010 Medical student, Faculty of Medicine,
Chiang Mai University, Chiang Mai
March 2010 – March 2011 Internship, Department of Medicine,
Faculty of Medicine, Chiang Mai University
April 2011 – May 2014 Internal Medicine Residency Training,
Department of Medicine, Faculty of Medicine,
Chiang Mai University
June 2014 – June 2016 Infectious Diseases Fellowship Training,
Department of Medicine, Faculty of Medicine,
Chiang Mai University
July 2022 – Present Transplant Infectious Diseases Fellowship Training,
Toronto General Hospital, University Health Network,
University of Toronto

Degrees, Diplomas, and Certificates:

March 2010 Doctor of Medicine (First Class Honors)
April 2010 Thai Medical license number 39919
June 2014 Certificate of Proficiency in Internal Medicine,
Thai Board of Medicine
June 2016 Certificate of Proficiency in Infectious Diseases,
Thai Board of Medicine

Appointments:

April 2010 – June 2014	Physician, Department of Medicine, Faculty of Medicine, Chiang Mai University, Chiang Mai, Thailand
June 2014 – June 2016	Physician, Division of Infectious Disease, Department of Medicine, Faculty of Medicine, Chiang Mai University, Chiang Mai, Thailand
July 2017 – January 2018	Physician, Department of Medicine, Nakhornping hospital, Chiang Mai, Thailand
February 2018 – July 2020	Physician, Department of Medicine, Faculty of Medicine, Chiang Mai University, Chiang Mai, Thailand
August 2020 – Present	Instructor, Division of Infectious Diseases and Tropical Medicine, Department of Medicine, Faculty of Medicine, Chiang Mai University, Chiang Mai, Thailand
July 2022 – Present	Clinical Fellow, Transplant Infectious Diseases Program, Toronto General Hospital, University Health Network, University of Toronto

Professional Societies:

The Medical Council of Thailand
The Medical Association of Thailand
The Royal College of Physicians of Thailand
Infectious Disease Association of Thailand

Honors and Awards:

22 nd October 2016	Best oral presentation award, “Xpert MTB/RIF assay for Diagnosis of Tuberculous Meningitis (TBM) in Maharaj Nakorn Chiang Mai Hospital” in 42 nd Infectious Diseases Association of Thailand annual meeting, Chonburi, Thailand
-------------------------------	--

Abstract Participation at International Meetings:

28 th October 2016	Poster presentation, “Xpert MTB/RIF assay for Diagnosis of Tuberculous Meningitis (TBM) in Maharaj Nakorn Chiang Mai Hospital” in IDWeek 2016, New Orleans, LA, USA
-------------------------------	---

Grant Support:

9 th August 2021	Research grant, Faculty of Medicine, Chiang Mai University, from research article “Comparison of Diagnostic Performance Between Commercial and In-House SARS-CoV-2 Serological Immunoassay in COVID-19 Vaccinated Population” Total amount: THB 220,000
22 nd – 24 th September 2023	Travel grant, The 2023 AST Fellows Symposium on Transplantation, Grapevine, TX

Research activities and Review articles

1. Xpert MTB/RIF assay for Diagnosis of Tuberculous Meningitis (TBM) in Maharaj Nakorn Chiang Mai Hospital
2. Factors Affecting Thai Physician's Decision on Infectious Diseases Training: A National Cross-Sectional Study
3. Evaluation of Management Tool and Predictors of Favorable Outcomes in non-severe COVID-19 Pneumonia Patients Receiving Favipiravir at Chiang Mai University Field Hospital
4. Safety and immunogenicity of inactivated vaccine against SARS-CoV-2 (Sinovac/CoronaVac) in healthcare personnel (Co-PI)
5. Safety and immunogenicity of the Oxford–AstraZeneca chimpanzee adenovirus vectored vaccine (ChAdOx1 nCoV-19; AZD1222) against SARS-CoV-2 among healthy population in Chiang Mai (Co-PI)
6. Safety and immunogenicity of a third (booster) dose of vaccine against SARS-CoV-2 among healthcare personnel who has completed a 2-dose regimen of inactivated whole-virion SARS-CoV-2 vaccine (CoronaVac) (Co-PI)
7. Immunogenicity and safety of heterologous and homologous prime-boost schedules with an adenoviral vectored and inactivated SARS-CoV-2 vaccine (Co-PI)
8. Characteristics and outcomes of *Pneumocystis* pneumonia in non-HIV immunocompromised hosts
9. Cytomegalovirus infection and outcomes in kidney transplant recipients with delayed graft function
10. Safety and immunogenicity of non-live, adjuvanted RSV vaccine in allogeneic stem cell transplant and lung transplant recipients

Publications:

1. Diagnostic performance between in-house and commercial SARS-CoV-2 serological immunoassays including binding-specific antibody and surrogate virus neutralization test (sVNT).
Scientific Reports. 2023
2. Adult-Onset Still's Disease-like Syndrome following COVID-19 Vaccination: A Case Report and Review of the Literature.
Vaccine, 2022.
3. Impact of gut microbiota on kidney transplantation.
Transplantation Review, 2022
4. Negative Nasopharyngeal and Oropharyngeal Swabs Do Not Rule Out COVID-19.
Journal of Clinical Microbiology, 2020
5. The Emerging of CRF01_AE: a clinical story and future HIV/AIDS situation in Thailand.
Current HIV research, 2020
6. Migratory CNS Helminthiases in Maharaj Nakorn Chiang Mai Hospital: A Retrospective Study.
Journal of INFECTIOUS DISEASES and ANTIMICROBIAL AGENTS, 2018
7. Prevalence and Risk Factors for Complications in Patients with Nontransfusion Dependent Alpha- and Beta-Thalassemia.
Anemia, 2015
