About "Death"

人的一生……

Death is the ultimate fate of humankind, of which has been considered an "ominous" topic to talk about in China.

DEATH ≈ BAD LUCK

Life & Death Education

Life & Death Education is a teaching course to explore the life and death.

The course includes the views and attitudes of culture and religion towards death. It **helps people establish a positive attitude towards death** by inspiring them to think about issues related to death, thus correctly addressing the issues of their own life and death, as well as those around them.

前, 移植器官短缺, 供需差距失衡仍是全球器官捐献与移植发展面临的共同难题。把器官捐献宣教列入安宁疗护服务的做法在国外已有诸多实践。器官捐献是我国《民法典》赋予公民的一项自主选择的权利, 可以在一定程度上提升临终者的价值感和尊严感, 为其提供更为人性化的临终关怀服务, 并对其家属和社会构成一种反向关怀, 尊重其医疗自主权的尊重。同时, 安宁疗护工作者具有良好的人文关怀素养, 结合其工作职责和角色立场, 更易在合适的时机引入器官捐献谈话并站在患者和家属立场, 不以“劝捐”为目的, 而是帮助临终病人和家属获得自主选择的权利, 在充分知情的前提下自主做出合适的选择。因此, 将器官捐献宣教内容加入安宁疗护服务的做法具有合理性和重要价值。与此同时, 以提升临终患者及其家属人文关怀和医疗服务质量为出发点和共同目标, 建立安宁疗护和器官捐献两个专业领域在学术交流, 互促培训, 实践协同等一系列的机制, 增强两个领域的相互合作能力, 以实际行动完善临终患者的服务内涵, 促进两个领域的专业化和规范化协同发展开展更多的探索与实践。
