

To, whom it may concern at

Dr. Aart van Apeldoorn  
CBite-Islet Research Group  
MERLN Institute for Technology inspired  
regenerative medicine  
Universiteitssingel 40,  
6229 ER, Maastricht, The  
Netherlands

This is to confirm that Carolin Hermanns is a graduate student in my research group at the MERLN institute, Maastricht University. She is working on a 4-year PhD student project related to cell therapy for type 1 diabetes.

Yours  
sincerely,

Dr. A. A. van Apeldoorn  
Assistant Professor  
Maastricht University
