

**To whom it may concern**

Miroslav Kolárik, MD, has been employed at the Centre for Cardiovascular Surgery and Transplantation in Brno since 2019. He is currently in training in the liver and kidney transplantation program. He was assigned to lead the commencement of our new program—machine perfusion of livers from extended criteria donors. As a trainee, he also began his research work and PhD studies.

Assoc. Prof. Petr Němec, MD, Ph.D.  
Director
