To

The TTS and ISOT Program Committee

I am delighted to express my thoughts regarding Dr. Devprakash Choudhary. Serving as a Senior Resident and Research Fellow at the Department of Renal Transplant Surgery, PGIMER Chandigarh, Dr. Choudhary has consistently demonstrated outstanding performance characterized by his dedication, precision, and steadfast commitment. His significant contributions, especially in clinical transplantation, have notably advanced our center's clinical care standards.

Throughout his tenure in transplant training, Dr. Choudhary has adeptly presented and published a wide array of research papers on kidney and pancreas transplantation. His current role as an IPTA multiorgan fellow underscores his commitment to advancing the field. Furthermore, Dr. Choudhary has submitted two abstracts for presentation at the upcoming TTS conference in Istanbul, showcasing his ongoing dedication to his research and the broader TTS community.

Dr. Choudhary embodies extensive knowledge, unwavering dedication, and a fervent passion for solid organ transplantation. It is with complete confidence that I endorse Dr. Devprakash Choudhary for the TTS-ISOT La Renon International Basic and Clinical Sciences Mentee-Mentor Awards, sponsored by TTS-ISOT. Please do not hesitate to contact me for additional information or insights.

Dr Ashish Sharma
