

Barcelona, 6th of June 2024

SUBJECT: Allied Health Professional Validation letter

To whom it may concerns,

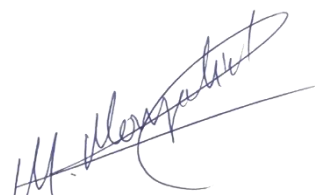

This is to acknowledge that Mr. Joaquim Albiol has been involved in the donation and transplantation field since 2019, when he started his work career in the Research Development department of Donation and Transplantation Institute, DTI Foundation.

Concerning his academic background, Mr. Albiol has a Bachelor's degree of Biotechnology and two professional master's degrees: International Master in Donation & Transplantation of Organs, Tissues and Cells of the University of Barcelona and the University Master in Project Management at LaSalle (Ramon Llull University).

He is currently the head of Research Development department at DTI Foundation and usually attend international congresses in the donation and transplantation field, to be updated on the state-of-the-Art and to keep in touch with the donation and transplantation network of professionals.

I remain at your disposal for further information.

Yours faithfully,

Prof. Martí Manyalich
President of DTI Foundation
