

25 June 2024

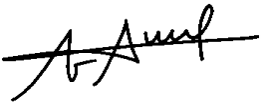

To whom it may concern:

Please be advised that Dr M. Haffejee will be presenting his abstract titled “High intra patient variability (IPV) of serum tacrolimus is associated with a worsening serum creatinine in kidney transplant patients attending Inkosi Albert Luthuli Central Hospital, Durban, South Africa” as a trainee in the Department of Nephrology at UKZN.

May this letter allow him to register for the TTS Congress using a trainee rate.

Thank you

Best Regards

Prof A. Assounga

HOD Nephrology

Department of Nephrology, School of Clinical Medicine
