It is with great enthusiasm that I recommend Dr Devprakash Choudhary for the distinguished IPITA Scientific Abstract Award. Since joining our Department of Renal Transplant Surgery at PGIMER Chandigarh as a pioneering member of the inaugural M. Ch Transplant Surgery Programme in India in 2020, Dr Choudhary has consistently demonstrated an exceptional level of focus, dedication, and academic excellence that is truly noteworthy.

With an expansive understanding of his field and an unyielding commitment to his work, Dr Choudhary's profound passion for abdominal organ transplantation sets him apart. His unique qualifications are particularly well-suited to the specialized arena of Pancreas Transplantation, making him an ideal candidate for this prestigious award. I am wholly confident in his abilities and fully support his candidacy for this honour.

Furthermore, the potential ripple effect of this significant opportunity cannot be overstated. Dr Choudhary's recognition will undoubtedly inspire the next wave of aspiring transplant surgeons at PGIMER Chandigarh, India, sparking an enduring legacy of excellence.

Please do not hesitate to contact me if you require any additional information or clarification regarding Dr Choudhary's qualifications or contributions.

Dr Ashish Sharma
Head of the Department of Renal Transplant Surgery
PGIMER Chandigarh INDIA
