To: IPTA Congress Scientific Awards Selection Committee
From: Sheri M. Krams, Ph.D.
Re: Trainee- Ayantika Sen, Ph.D.

Dr. Ayantika Sen is a postdoctoral fellow in my lab, at Stanford, in the field of Transplantation Immunology. Dr. Sen is the first author on an abstract entitled "*Extracellular Vesicle microRNAs are Decreased in Pediatric Solid-Organ Transplant Recipients during EBV+ Post-transplant Lymphoproliferative Disorder*" submitted to the 12th Congress of the International Pediatric Transplant Association.

This would be the first opportunity for her to present her data at IPTA and I am confident attending the meeting would be very beneficial to Dr. Sen at this stage of her career.

Sincerely,

Sheri M. Krams, Ph.D.
Professor of Surgery
Senior Associate Dean for Graduate Education and Postdoctoral Affairs
