

Prof. Piotr Kaliciński MD, PhD

Head, Department of Pediatric Surgery&Organ Transplantation

Children's Memorial Health Institute

Warsaw, Poland

p.kaliciński@ipczd.pl

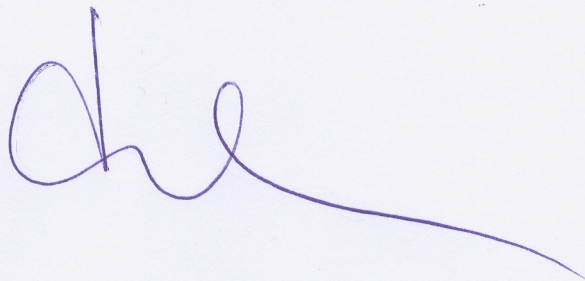

The International Pediatric Transplant Association

Dear Sir or Madam,

I am writing to support dr Agnieszka Kwiecińska's application for the IPTA-TTS Congress Scientific Award. She is a 4th year pediatric surgery trainee whose training will be completed in September 2024. During the residency programme, she carried out a dedicated year of a research training of at The University of Edinburgh and was awarded of the Masters in Medical Sciences by Research degree. Dr Kwiecińska is now involved in a global multicentric study on benchmarking in pediatric liver transplantation She is also preparing her PhD project application that focuses on pediatric liver retransplantation.

Attending the 12th IPTA Congress will be highly beneficial for dr Kwiecińska as a great opportunity to extend her knowledge and encourage further interest in pediatric transplantation.

Yours Sincerely,

A handwritten signature in blue ink, consisting of a stylized 'P' followed by a long horizontal stroke.
