Asuncion, October 11, 2022

Sirs

International Association for Pediatric Transplantation
12th Congress of the International Pediatric Transplant Association (IPTA)

I hereby address the corresponding authorities in my capacity as Director of the Pediatric Nephrology Postgraduate Program of the Hospital de Clínicas, Faculty of Medical Sciences of the National University of Asunción, Paraguay (FCM UNA) to certify that Dr. Gabriela Gutiérrez Garcete, CIN° 4,677,751 completed 2 years of training in the Pediatric Nephrology residency under my charge in the period of 2020 and 2021 and during this year 2022 she rotated as Visitor Observer in the Nephrology Service of the Hospital of Pediatrics Prof. Dr. Juan P. Garrahan of the Autonomous City of Buenos Aires, Argentina, taking into account that it is a reference center for renal transplantation in all of Latin America.

It should be noted that in recent years Dr. Gabriela Gutiérrez has stood out as a young researcher in the field of pediatric nephrology. She has presented research papers as an author at National and International Conferences organized by scientific societies of pediatric nephrology and transplantation (ALANEPE 2021, IPNA 2022, TTS 2022), as well as Pediatrics and Infectology Conferences. Copies of the certificates that guarantee said participation are attached.

Dra. Leticia Florentín de Merech
Profesora Titular de Pediatría
Jefa Dpto. Nefrología Pediátrica
FCM - UNA Reg. 2027

Prof. Mgter. Dra. Leticia Florentin de Merech
Professor of Pediatrics
Head of the Department of Pediatric Nephrology
Clinics Hospital FCM UNA
